Recommended for all PCU students: "Pojistka na blbost," is a common name for "Pojištění odpovědnosti," or 'Mishap Insurance', otherwise known as general liability insurance.

Mishap Insurance - what is it? 'Mishap Insurance' is a popular designation for liability insurance taken out in the event of damage to property or health to a third party.

Mishap Insurance is now particularly popular with families with children, who are hard to keep away from mischief. Liability insurance aims to protect not only individuals, but also families in civic life.

Here are useful links to get you started, though unfortunately there is not a wealth of support in English for the insurance:
