Prague and PCU are amazing. It has been such a great experience. Prague is the best city for travel, culture and affordability and the Erasmus+ exchange year here has given me the perfect opportunity to teach foreign students and interact with other cultures. PCU has been so supportive and the teaching for the Bachelor's in Education: Teaching English as a Foreign Language programme has been very beneficial. I have really enjoyed my teaching practice course where I had regular opportunities to teach adults. The Language Awareness course has been my favourite. Thanks to this course I have learnt to see the grammar of English from a different perspective.
