

PRAGUECITYUNIVERSITY

Push the boundaries of creativity by exploring, reimagining and combining both traditional and emerging technologies. Our goal is to expand your creative toolbox, helping you discover new solutions for problem solving. With small class sizes, a range of creative spaces, and studios and a personal approach to teaching, we offer an inclusive community that values self-expression.

School of Art, Design & Media

Static Echo (Fine Art Experimental Media Exhibition)

Programmes

Foundation Diploma in Art, Design and Media

BA (Hons) Graphic Design

BA (Hons) Fine Art Experimental Media

MA Contemporary Art, Design and Media Practice

Beyond the Classroom

Our programmes emphasise career preparation through workshops, industry projects, exhibition staging and portfolio development. Beyond the classroom, you'll take part in twice-yearly workshop weeks and participate in student exhibitions and film screenings. You'll also have the chance to connect and learn from influential artists and leading creative professionals through our Visiting Artist Lecture Series. Additionally, visits to creative agencies and galleries frequently lead to internship opportunities for our students.

Patrick Thomas: 21616 Days (Visiting Artist Lecture Series)

Career Outcomes

Our graduates have achieved significant success across the creative fields including one who is a design lead and co-founder of an award-winning digital design agency with offices in Prague, New York, and Dubai, collaborating with clients such as Google, Visa, NASA, and Tinder. Others have continued the academic pathway earning their PhDs, while several have won numerous awards as art directors.

Our graduates work as Graphic Designers, Motion Designers, Product Designers, 3D Print Designers, Art Directors, Design Researchers, Visual Effects Artists, Fine Artists, 3D Artists, Software Developers, University Lecturers, UX/UI Designers, Brand Managers and Social Media Managers.
